

Cessation of Free School Meal Vouchers for Holiday Periods

Unfortunately, we have been notified that the scheme for providing free school meal vouchers during school holidays is ceasing. This means that families in receipt of free school meals will no longer receive food vouchers from us for school holidays moving forwards.

We have been notified that the scheme is being replaced by a crisis and resilience fund but that there is no provision for free school meal vouchers to be issued under this fund. We are awaiting further clarification on how this fund will be accessed and administered and will share a further update once we receive it.

Please note that we have provided free school meal vouchers to date on behalf of Lancashire County Council and that we as a school have no authority over the fund, how it is administered or it's closure.
