Dear Parents and Carers,

I am writing to inform you about the upcoming end of year examinations for students in Years 7–10. Students will complete examinations across all subjects between **Monday 15th June and Friday 3rd July**. The timetable below outlines the examinations that will take place in the Sports Hall for different year groups. Examinations for other subjects not listed on the timetable will take place during normal lesson time across this period, and these dates will be shared directly with students in lessons, and available on the Shuttleworth App.

Revision lists for all examinations can be found on the school website under <https://shuttleworthcollege.org/information/examinations/> and they have also been published on the Shuttleworth App.

We would strongly encourage students to revise thoroughly for these assessments. Whilst these examinations will not be the only factor considered; they will play an important role in informing sets for September.

Homework remains one of the best forms of revision, and subject teachers and curriculum leaders will continue to add further advice and guidance to the Shuttleworth App should any additional support be required. Some good starting points can be self-study on the Educake App and BBC Bitesize.

Thank you, as always, for your continued support.

Yours sincerely,

Abigail Bates
Assistant Headteacher
