# COLD WATER KILLS

## IT'S MORE DANGEROUS THAN IT LOOKS

For anybody in difficulty in the water  
**FLOAT TO LIVE:**

1

Tilt your head back  
with ears submerged

2

Relax  
and try to breathe  
normally

3

Lie on your back  
with your arms and  
legs spread out

4

Move your arms  
to help you stay  
afloat

5

When you are calm,  
call for help or  
swim to safety

## WHAT SHOULD I DO IF I SEE SOMEONE IN DIFFICULTY?

### CALL

Call **999** and ask for the right service.

If you are inland, ask for **Fire and Rescue Service**.

If you are at the coast, ask for the **Coastguard**.

### TELL

Tell them to float on their back and try to keep calm.

### THROW

Throw them something that floats.
