Dear Parent/Carer,

At Shuttleworth College, we are committed to providing enriching opportunities beyond the classroom. Alongside our programme of school events and day visits, we are delighted to offer a range of international residential trips that allow students to experience different cultures, develop independence, build confidence, and create lasting memories.

We are pleased to share details of our current and upcoming overseas visits. Places on all trips are allocated on a first come, first served basis. While we always try to accommodate as many students as possible, places on some visits are limited.

To help us plan and allocate places, please complete the expression of interest form using the link below:

[Residential Trips - Register of Interest 2026/2027 – Fill in form](#)

Submitting the form is not a commitment to the trip and does not guarantee a place. It simply allows us to gauge interest and contact families with further information. As with all school visits, students are expected to demonstrate positive behaviour and engagement in school. We want every student to have the opportunity to take part, and we encourage them to continue meeting our expectations so they can enjoy these exciting experiences.

We are aware that some families may wish for their child to attend a residential trip but may need financial support to facilitate this. We endeavour to support as many families as possible, but this is

offered on a first come first serve basis and to those in receipt of free school meals as a priority. If you would like further information on support available, please contact Mrs. Hodges, Business Manager at rhodges@shuttleworth.lancs.sch.uk. Please note that we will only ever offer financial support for one residential abroad trip to enable as many students as possible to have the same experiences.

If you have any questions about any of the visits listed above, please do not hesitate to contact the school. We would be delighted to help.

Yours sincerely,

Miss A. Bates
