

COLLEGE

NEWSLETTER

HEADTEACHER MESSAGE

Dear Families,

It is my pleasure to introduce our special edition of the newsletter to you. This edition focuses on ASPIRE 25, when our current Year 11s spent the last week of year 10 engaging in trips and activities to help them consider their options once they leave Shuttleworth. I am phenomenally proud of how well they took up the challenge, showing resilience and independence throughout the week. It was a pleasure to see the culmination of the week at Burnley Football Club when all students took part in speed networking with a number of professionals and Shuttleworth alumni.

Last summer saw the appointment of a record number of prefects who applied for the role with professionalism and passion. Students who wished to be head boy or girl also drafted presentations on the person they most admire. These were delivered to staff and students, who were both impressed and moved by the many speeches.

This year we invited Year 7 to apply for ambassadors roles, their first task being to support at our Open Evening. Their applications were exceptional, and they were true role models on the evening, with prospective families even emailing us to say how well certain Year 7 tour guides had done!

Our ambassador application process for Year 8, 9 and 10 has evolved this year with students being asked to apply for specific ambassador roles. This is based on student voice; students want clear roles and responsibilities where they can have a positive impact upon our school community.

R. England

NEWS & EVENTS

OPEN EVENING 2025

We were blown away by the interest in our Open Evening here at Shuttleworth on Thursday 25th September.

We had so many families visit us we could not fit everyone in the building for our speeches.

Anyone who missed the speeches or the evening, we have recorded them and they can be found on our website <https://shuttleworthcollege.org/welcome/open-evening-2025/>

If you have any other questions or queries in advance of making choices for September 26 please feel free to email us on transition@shuttleworth.lancs.sch.uk

ENRICHMENT EXTRAVAGANZA

Our 2025-2026 enrichment timetable is now fully up and running. We have some fantastic new additions to our clubs this year such as 'cheer' and 'cooking' as well as the return of one of our most popular clubs 'dungeons and dragons', along with all of our other fantastic clubs. We have a range of clubs available for students with all different kinds of interests.

Our Year 7 students attended our Enrichment Fair this half term where they were told about all of the fantastic opportunities we have for after school and lunch-time clubs. They were then given the chance to sign up to all of the ones they wanted to attend. We had a huge number of students sign up for their favourites and we are so excited that our clubs are now live.

Miss Wilcock, Teacher of English and Enrichment lead said, 'I am thrilled to see the students enjoying a range of activities so far this year, it is an amazing opportunity for students to make new friends and learn new skills. We have had a fantastic number of students join in with our clubs but there is always space for more attendants - even if we have to arrange it so that everyone gets a turn!'

BONFIRE NIGHT SAFETY

On Friday 24th November members of the fire service and Burnley police came to school to deliver a fire safety assembly ahead of Bonfire night.

They spoke to all students in year 7 about the benefits of attending organised bonfires, making sure they stay safe with fireworks and also about the dangers of hoax calls.

They shared a very powerful video depicting issues the emergency services have experienced in Burnley and Padiham in recent years.

Years 8-11 joined an online assembly led by Lancashire Fire & Rescue before half term too.

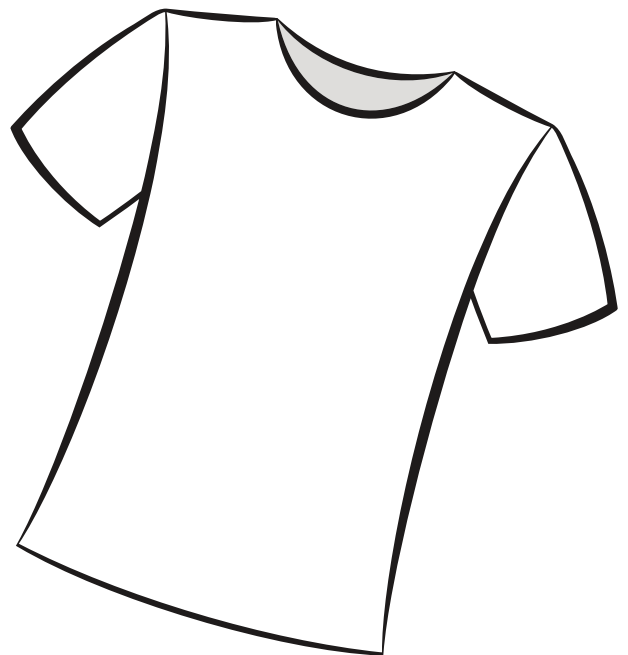

EUROPEAN WEEK OF LANGUAGES

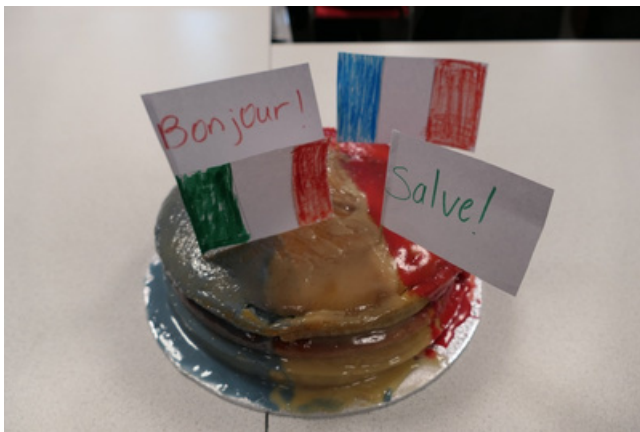

On week commencing 22nd September we celebrated European Week of Languages. The whole school took part in a variety of activities and competitions to celebrate all things European!

We hosted our first ever European Bake-off competition where we had an overwhelming number of fantastic entries. There were cakes and other desserts either made using traditional European recipes or decorated with flags and other spectacular European designs.

We also hosted a T-Shirt competition, again with some fantastic entries and creative designs!

Finally, students participated in a variety of activities in lessons, learning new languages, including sign language, and learning about different places all over Europe! Students were curious and engaged in all activities and really enjoyed this experience!

A LEVEL FRENCH TASTER AT BURNLEY COLLEGE

Madame Vasey's GCSE French class took part in an A level French taster session with Christopher Taylor who visited us from Burnley College. Students completed an A level speaking task and also heard from Burnley College language students about their experiences abroad.

The following week we visited Burnley College to learn more about Careers with Modern Languages. C'était une excellente expérience!

Une Carte Photo

1. What is the title of the card in English?
2. Using a highlighter, identify the words / phrases you recognise in the main body of the text.
3. What are the 3 questions asking you to do?

CARTE J	
Theme	Artistic culture in the French-speaking world
Sub-theme	La musique francophone contemporaine

1

L'importance de la musique dans la vie des jeunes Français

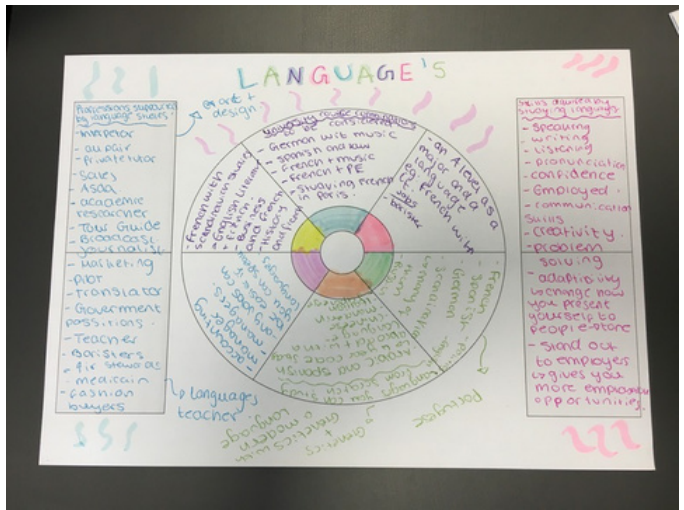

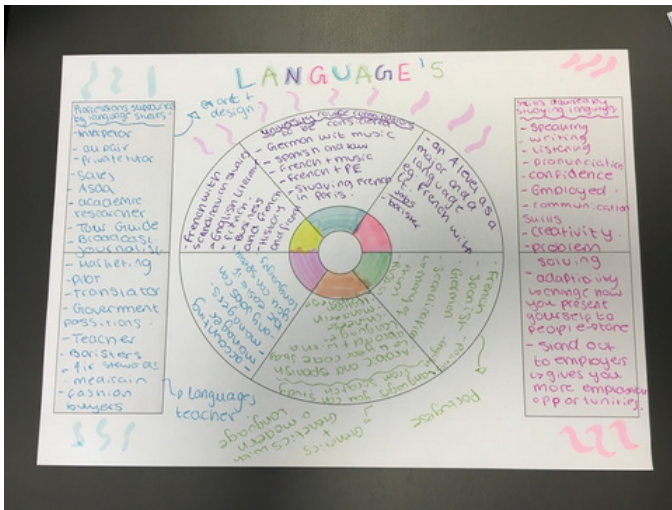

Selon une enquête en France sur la culture, la plupart des jeunes Français aiment la musique pour trois raisons. D'abord, elle est une source d'amusement et de plaisir. En plus, la musique est un moyen d'être admis dans un groupe. Et finalement, les jeunes aiment partager la musique lors d'un anniversaire ou d'une fête, par exemple.

2

Questions

- Que dit-on ici sur les attitudes des jeunes Français envers la musique ?
- Comment réagissez-vous aux informations sur cette carte ?
- Selon ce que vous en savez, comment est-ce que les attitudes envers la musique sont en train de changer, en France, ou ailleurs dans le monde francophone ?

3

BOOK FAIR

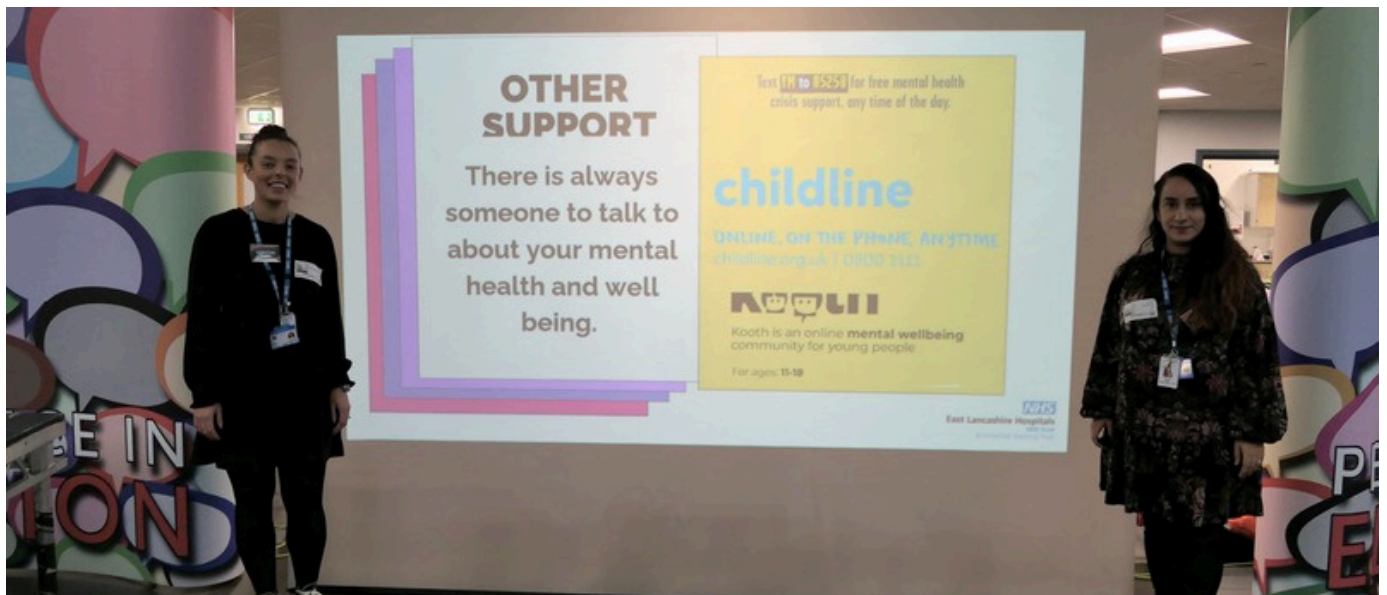

Miss. Walsh was pleased to see students and staff browsing the books sent by the Scholastic book fair! The book fair raised over £172 to spend on brand new books for our school!

Thank you to everyone who supported the event by buying books and stationery, helping to set up and spreading the word. The books we bought with the money we raised are already proving popular, particularly Rainbow 2, Minecraft and football!

WORLD MENTAL HEALTH DAY

As Friday 10th October was World Mental Health Day MHST representatives came to deliver a 'What is mental health?' assembly to each year group. MHST stands for Mental Health Support Team and at Shuttleworth we can refer young people to MHST if needed. Students - you just need to talk to a trusted adult, your head of year or a member of the safeguarding team. Families - find out more here: <https://elht.nhs.uk/services/mental-health-support-teams-school-based>

PERFORMANCE IN EDUCATION DELIVERS STREETWISE PROGRAMME

Performance in Education came into school to deliver their Streetwise programme using the power of theatre to deliver vital road safety messages to pupils via a compelling performance. The students engaged well and this should enable them to make informed decisions, manage their personal safety and understand how their behaviour affects those around them.

YEAR 11 FIND YOUR FUTURE

On Wednesday 8 Oct all Year 11 students were invited to the Burnley-wide careers fair, Find Your Future. Held in the James Hargreaves Suite at Burnley Football Club, Year 11 had an hour to network around various stands with staff from FE establishments, different training providers and numerous employers. Mrs Turner, with input from Future U, had done some preparatory work with Year 11 to ensure they maximised their time there. The atmosphere was productive and some students even completed application forms whilst they were there! We had some lovely feedback from Burnley Council who helped plan and run the event with a representative saying: "I just wanted to let you know that we had a number of positive comments about your pupils saying how well prepared and well behaved they were."

ASPIRE

It was a pleasure to organise ASPIRE for year 10 in the summer term. Students took the requirement to wear business dress very seriously and looked incredibly smart. Over the course of the week, students took part in communication workshops with Talk the Talk who specialise in developing students' confidence when speaking to peers and professionals, and helping students to truly find their voices. It was a pleasure to read the feedback from Talk the Talk colleagues.

Mrs Turner

“

**Shuttleworth students
were courteous
and polite.**

“

**It was a pleasure
seeing students'
confidence
develop.**

“

**Even more reluctant
students engaged well
and delivered
speeches to their peers.**

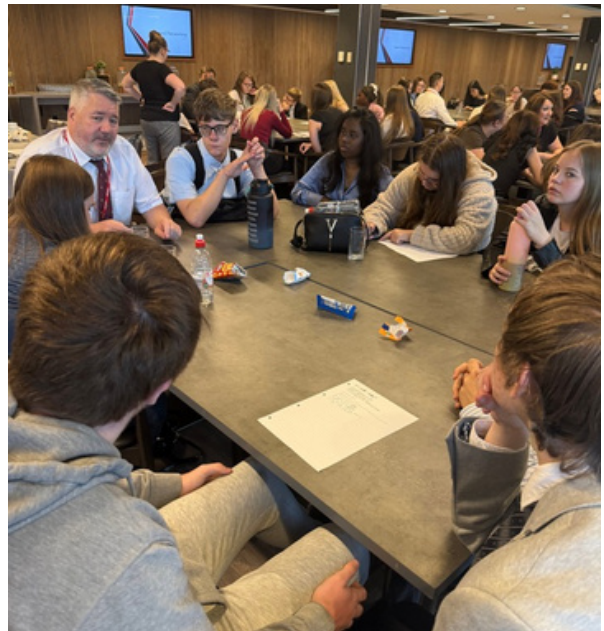

At the start of the week we were based at Burnley College whose staff delivered a campus tour and sessions on post 16 options, CV writing and more. Future U delivered sessions to a number of students, and they even did some coding with robots!

There were also over 20 trips to different workplaces, cultural destinations and educational establishments such as Safran Nacelles, Manchester Metropolitan University and Walker Art Gallery.

On the final day all students were invited to the James Hargreaves suite at Turf Moor where they took part in speed networking with professional from industries ranging from finance to animal rescue.

We felt incredibly proud to see our students confidently and effectively conversing with a range of different adults.

For ASPIRE week, I went to the moot court mock trial in Manchester Metropolitan University. In the morning we went to an art gallery, and then we attended a mock trial which I personally really enjoyed. During the mock trial, we went through an real-life case focusing on knife crime and went through the process of what you would do in court.

Everyone who went on this trip took part in the activity and chose which role they wanted to be. In the future, I want to study law and hopefully become a criminal defence solicitor, which was the role I chose; I enjoyed it very much. I think, overall, the trip was planned accordingly, and it helped people like me who are thinking about going into legal services and want to know what goes on in an actual court room.

We learnt the differences between all the roles, when to speak, who speaks, and much more. This very much benefitted me as it's helped given me a clear understanding about what I want to do in the future.

Poppy Lyle

In July, I had the pleasure of attending an inspiring Careers Speed Networking Event hosted at Burnley Football Club, where Year 10 students from Shuttleworth High School had the chance to explore a wide range of future career paths as part of their ASPIRE week of activities. The event was brilliantly organised by Mrs Turner with groups of students visited by professionals and employers who rotated between their tables. This setup created lively, focused conversations and gave every student the opportunity to engage directly with multiple guests.

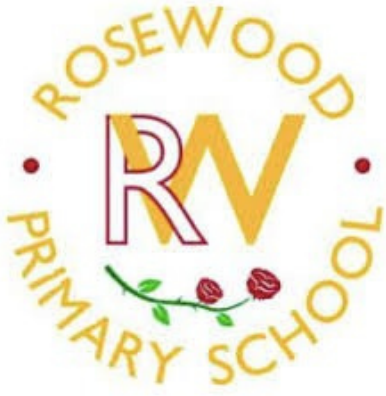

It was wonderful to see how well-prepared the students were, arriving with thoughtful questions and a genuine curiosity about the world of work. A diverse mix of employers and professionals from across the region took part, representing a variety of sectors and experiences.

I was asked all sorts of interesting questions, such as what subjects I studied at school and why, what educational pathway had I followed, what a typical day looks like in my role. There was a lot of questions about how my career has evolved from being a teacher and senior leader in a high school to my current position at the Lancashire Careers Hub, and how my work and life has changed along the way. These conversations showed just how engaged and interested the students were in understanding different routes into work. It was a joy to see Shuttleworth students asking such insightful questions and embracing the chance to learn from professionals. Experiences like this truly help young people feel more ready and excited for the journey ahead.

Representing the Lancashire Careers Hub, I was proud to inspire and help prepare these young people for their future. Events like this bring learning to life—connecting classroom subjects to real-world experiences, building confidence, and helping students imagine their own future paths.

Michelle Billington – Inspira

During my day at the primary school, I had the opportunity to observe and support both the teachers and pupils in different activities. In the morning I got to meet and read with each of the year 5 pupils which gave me the role of someone to look up to. At lunchtime, I supervised the playground, which gave me a chance to see how the children interact outside of the classroom and develop their social skills. In the afternoon there was a colour run where I got to see all the children's true selves. They also did a talent show in the afternoon which was absolutely amazing! it was so nice to see all the children's true colours come out in something they enjoy. The day was busy and rewarding, and it gave me a real insight into the patience, organisation, and energy needed to work in a primary school. Overall it was such a nice experience and something I would like to do in the future.

Rosewood Primary School – Emily Taylor

Overall my experience at the Walker Art Museum and Amazon were great! On the art trip once we arrived, we were told to fill in a work sheet; this would contribute later towards our artwork back in school. Most of the tasks were relatively simple, for example, we were to point out our favourite art pieces and describe what we liked about them. Doing this would help develop our own artwork and give us more points for personalisation towards our grade. Other tasks involved drawing specific features from our favourite sculptures and paintings. The art museum helped me explore different styles of art and their origins.

My time at Amazon was also fantastic - it allowed me and my friends to gain insight on things you wouldn't usually see. Who knew such a simple click of a button brought so much work? Being at the Amazon factory and seeing how they did things was fascinating and I would highly recommend it.

Thomas Brierley

HycAero is a Burnley based aerospace engineering company that makes parts for military and commercial aircrafts such as the 'RAF Typhoon', a front line fighter jet, and also Airbus aircrafts that are used for commercial transport which a range of airlines own and operate to transport passengers to a variety of destinations.

HYCAERO

HycAero has a full professional process to create and send off parts for their clients, the process usually starts with clients sending HycAero the design and parts that they want. HycAero usually creates a plan and then they send the design off into the workshop which then gets released to different workers. They then create parts at different stations, with the part moving around the workshop to the different stations before then being released for final checks and then being sent off to the clients.

On my visit to HycAero I was taken on a full tour around the site. I was then told about what each station does and how it works. The paint section was a quick and straightforward process as the parts were hung on a hook and then sent into the paint hub where the painter fully painted the part before the part was then released into a really hot room for quick drying. On my tour around HycAero I saw a good work ethic, and I also saw that the company prioritised health and safety for the company's employees.

HycAero is a high precision machining services for the aerospace industry creating opportunities for skilled technicians, engineers and specialists to work in specialised sector of aerospace.

During my tour around HycAero I interacted with really friendly workers who perfectly explained their role and how they got to where they are and what skills they developed and gave me a perfect insight about their role with HycAero.

HycAero benefited me with a great understanding about the company and by giving me a full view of what life is like with HycAero.

Chris Knowles.

I visited Rossendale & Pendle Mountain Rescue. During the mountain rescue simulation, experiencing the stretcher first-hand gave me a real appreciation for the team's work. It highlighted the importance of trust and communication in emergency situations. This experience links directly to careers in emergency services, healthcare, and even engineering, where problem-solving and teamwork are crucial. The skills we developed, such as first aid, navigation, and quick decision-making, are invaluable. Meeting the squad, I was impressed by their dedication and the diverse backgrounds they came from, all united by a common goal of helping others.

Joel Marsden

Recently, a small group of my year 10 classes took part in a trip to Rapid IT, a computer recycling company based in Padiham, Burnley.

The visit provided a fascinating insight into how technology can be reused and repurposed to help the environment, as a result of waste reduction.

During the trip, we had the opportunity to dismantle a laptop, which was actually more interesting than it sounds! We learnt about the different components inside and how each part can be recycled or reused. It was hands-on, a bit fiddly at times, but definitely a great way to understand the technical side of IT recycling and how much work goes into recycling technology properly.

The employees at Rapid IT were incredibly welcoming and knowledgeable. They explained the recycling process clearly, answered all of our questions and queries, demonstrating genuine enthusiasm for their work. It was clear they were passionate about what they do and their teamwork and dedication made the experience even more enjoyable and inspiring.

We also observed the importance of teamwork as we worked together to dismantle the computers safely and efficiently. This activity highlighted how collaboration and communication are essential skills in any workplace, particularly in large industries.

Then, there was Dexter- the manager's puppy and the company's unofficial mascot. Dexter completely stole the show! He trotted around like he owned the place, making everyone smile and proving that even at a tech company, sometimes the most important team member has four legs and a wagging tail.

Throughout the visit, we gained a better understanding of career opportunities within the IT sector, especially those focused on sustainability and environmental responsibility. It was inspiring and fun to see how businesses like Rapid IT play a key role in reducing electronic waste, while creating valuable career paths for people with technical and problem-solving skills.

I learnt from this experience that every workplace, like Rapid IT, should condone a positive attitude as it creates motivation and joy. Plus, I agree every office should probably have a Dexter.

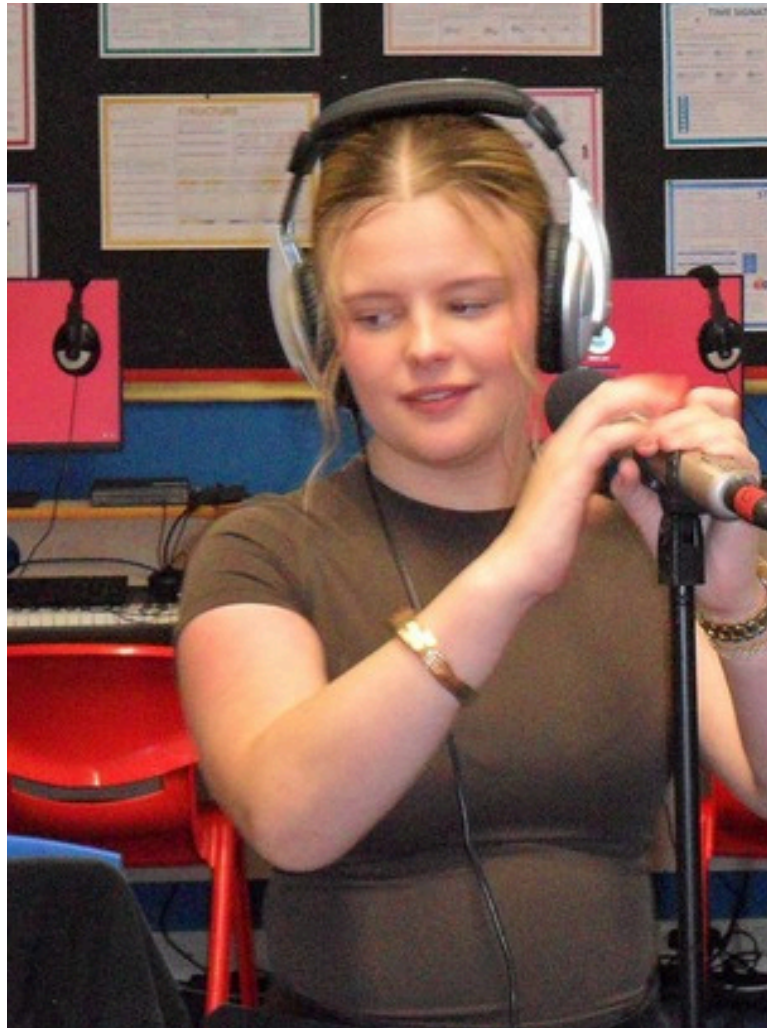

Overall, the trip was educational and rewarding, helping me to see the importance of teamwork and the positive impact that recycling and sustainable technology have on the world, whilst learning to create a formal perspective of myself for those around me.

Khianna Benson

On the Thursday of ASPIRE week some students who take B-tec music were selected to take part in running a recording studio and recording a song with real studio equipment. Before this experience I didn't know how much work goes into producing a song; the record producing industry has multiple careers, not just being a musician.

During the day, our band recorded a cover of the song 'Teenage Dirtbag' by Wheatus. The experience of recording and performing the song with the real equipment was surreal and I was very lucky to have learned about the process of how to record a song.

We had other students doing the photography, journalism and I also took the role on of a Tour Manager (a fake tour for the band). I went onto Google and explored different cities and arenas around the world and pretended to book them as if it was a real tour. This showed me how to develop my organisation skills and budget management. At the end of the day, when we heard the song back, it sounded amazing and as if we were Wheatus/a professional band. However, the whole recording took all day and made me really think about the effort that goes into making a song. This was a really good experience, not just people who were musicians! We had a lot of skills put to use that day. If you get the chance to do the trip next year, I highly recommend embracing the opportunity as it's a once in a life experience and it was thoroughly enjoyable.

Ebony Wilkinson

I thoroughly enjoyed taking part in Shuttleworth's Career and Speed Networking event. The students were exceptionally polite and professional, asked thoughtful and engaging questions, and it was clear that many had already begun forming well-considered ideas about their future careers. I'd encourage them to continue embracing opportunities to gain work experience and to build professional relationships with businesses that could support their aspirations in the future.

Kevin Hall – Chair of Governors

SHUTTLEWORTH STUDENTS ASPIRE TO * SUCCESS! *

Year 10 students from Shuttleworth College enjoyed two inspiring days at our annual ASPIRE event, a programme dedicated to growth, learning and focusing on future goals. The timetable was packed with exciting activities encouraging students to realise their potential and explore what lies ahead.

Building Skills Through Fun and Games

Beyond talks and workshops, students joined in with tasks like giant Jenga and Snakes and Ladders, boosting their teamwork, problem-solving, and confidence in a lively, supportive setting.

The fun and interactive tasks were designed to allow learners to think about how to tackle problems in different ways and how to work with the people around them to succeed.

Expert Advice for Future Pathways

Sessions ran by specialists included:

- Talk the Talk: Developing communication and public speaking skills
- Ask Apprentices: Real insights from current apprentices
- Future U: Exploring post-16 and higher education choices

Students received practical career guidance and learnt to believe in themselves.

Thanks to the staff and students of Shuttleworth College Padiham and our amazing School Liaison Team, the event was a great success.

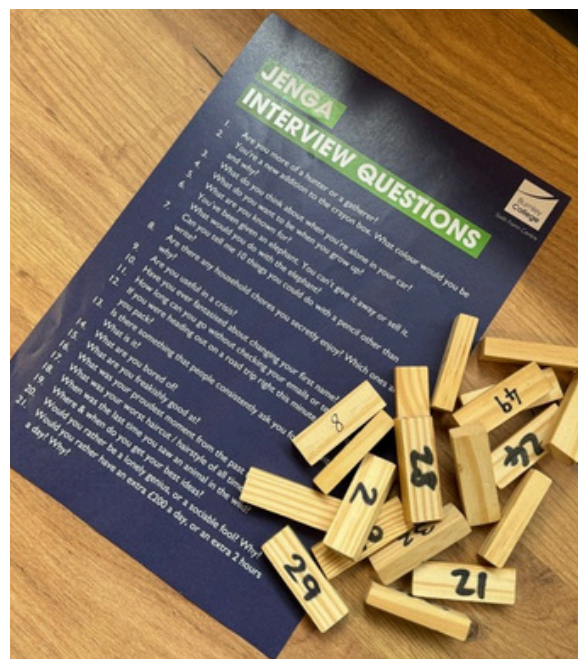

Careers and Outreach Lead at Burnley College, Grace Warburton said:

"It's fantastic to see students so engaged and starting to think seriously about their futures.

"I can't wait to see where they will take us in the future."

polite and
professional"**

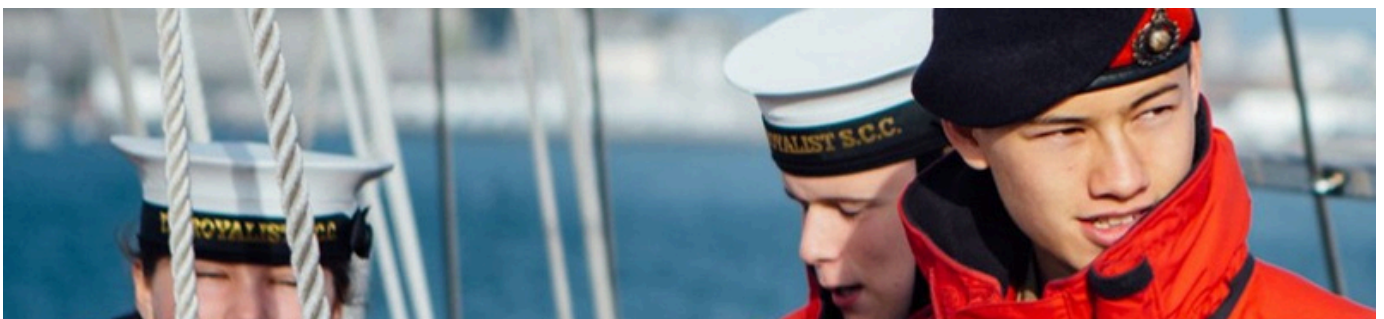

SEA CADETS AWARD

Chloe (year 11) and Leah (year 7) attend Burnley, Pendle and Rossendale Sea cadets twice weekly. This year they have taken part in community events and a wide range of activities including rowing, windsurfing, engineering, first aid and Duke of Edinburgh expedition. This year Chloe received the cadet of the year award and Leah was junior cadet of the year and also won the attendance award.

Sea cadets is a national youth charity proving a wide range of experiences and qualifications for young people age 10-18. They are open to new members and can be contacted on Burnleyseacadet59@gmail.com for any information or to arrange to look round.

SPORTING NEWS

Congratulations to our Year 9 footballers who have progressed into the third round of the English Schools Cup competition. They overcame a spirited Unity College side 2 – 0 last Friday afternoon in what was a great game. A will to win combined with some excellent forward passing saw the boys through. Well done lads! Goal scorers on the day were Logan Haworth and Will Vincent. Player of the match: Corey Lewis.

Students had a fantastic afternoon at Burnley Cross Country event at Towneley with some amazing individual and team results. Special shout out to medal winners...

Isabella Williams
3rd place
Year 8/9 girls race

Tiya Namba
2nd place
Year 7 girls race

Many more great results with a lot of our students receiving letters for achieving top 25 places and they have been invited to the next event in January.

What a great evening last week over at Unity College for some of our Year 8 students. They attended a rugby festival hosted by Simon Finnan (Burnley RUFC) and were excellent in their attitude, determination and will to learn new skills. A super night of enrichment with some fearless tackling on display! Well done lads!

STUDENT LEADERSHIP

We are passionate about students having a voice, responsibility and visibility at Shuttleworth College. We facilitate this through student voice, student council and student leadership.

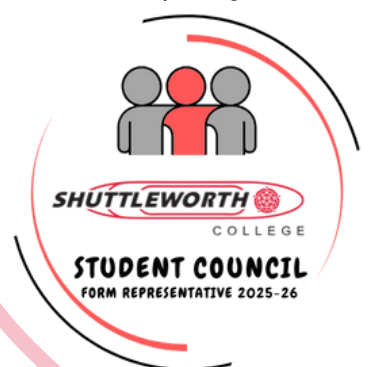

Student voice takes place regularly throughout the year. We use quantitative data collection in the form of questionnaires where we can ask all students key questions on safeguarding, the curriculum, enrichment, rewards and more. We also use student focus groups where we can delve deeper into students' perspectives and experiences through discussions.

This year sees an overhaul of our student council. Forms discuss key topics with the first round of student council meetings concentrating on safeguarding and student experience outside the curriculum. The following week all council representatives attend a breakfast meeting with Mrs Turner to feed back their peers' ideas. The two students in each year group who have been most proactive and prepared are invited to a full council meeting led by the Y11 student council electives and attended by key members of SLT. Relevant actions are taken and the agenda for the next round of discussions is agreed. Feedback takes place in assemblies the following week led by students.

Our newly appointed ambassadors in Year 7 will lead on transition links with primary schools and I am confident they will be exemplary role models and embody our school values in all they do.

Pride

Years 8-10 have really realised the opportunity to apply for key ambassadors roles. I am very excited to see the work they will do this academic year! We have appointed some Year 8s as reception ambassadors who will be responsible for meeting and greeting visitors, taking people on tours and supporting with key messages to ensure school runs smoothly.

They will be based in reception on a rota where they will complete their school work between reception tasks. We also have a team of eco ambassadors in Years 8-10 who have been tasked with making our school greener and more sustainable. Our more senior ambassadors in Years 9 and 10 have also been given responsibilities as enrichment ambassadors where they support students and lead staff in clubs each week and take responsibility for promoting the club through assemblies, posters in school and online and by visiting form groups. Finally our curriculum ambassadors will be linked with a curriculum area and help with display boards in that area, setting curriculum competitions, representing the curriculum area during transition links with primaries and promoting the curriculum area through assemblies and form time.

Mrs Turner

Year 7 have been fantastic in their new roles as ambassadors! It was great to see so many applications. They have embraced their roles with great enthusiasm and maturity. They have shown confidence in representing the school at our recent open evening and have contributed positively to our school environment. They have embodied our school values and have quickly become positive role models within the school community, demonstrating teamwork and a kindness to others.

Emily Greenall

I am thrilled with the quality and number of Year 9 ambassador applications! I can't wait to see students fulfil their leadership roles and represent Year 9 with pride. They are ready to work with younger students as role models and I know they are ready for this responsibility!

Sophie Griffin

This term, we've seen an impressive number of applications from Year 10 students eager to become student ambassadors. It's inspiring to witness such enthusiasm for leadership and school involvement.

Taking on a student ambassador role offers individuals a chance to grow in confidence, develop essential skills like communication and teamwork, and make a meaningful contribution to the school community.

These experiences not only enrich their time at school but also prepare them for future opportunities, both academically and personally. We're proud of every student who stepped forward to lead and represent their peers.

Jo Grice

Can you think big, chase dreams and help our school community succeed together?
Can you embody our values and be an excellent role model?

Ambassadors wanted!

Job title: Student Reception Ambassador
Open to: Y8

Job role: You will be required to support school by welcoming visitors into reception. You will take responsibility for showing visitors around school. You will also support staff in reception and attendance by delivering messages and handing out documents. You will need to communicate confidently and effectively with a range of people from outside school including parents/carers, staff from local schools or other professionals. You can also make suggestions for other activities to develop your role as a student reception ambassador.

Community

Can you think big, chase dreams and help our school community succeed together?
Can you embody our values and be an excellent role model?

Ambassadors wanted!

Job title: Curriculum Ambassador
Open to: Y9/10

Job role: You will be linked to a particular curriculum area. You will work with other curriculum ambassadors to help teachers run competitions and promote their subject(s). You will help to create displays in your curriculum area. You will add information to the school website about your curriculum area, including quotations from other students about lessons. You may be asked to visit local primary schools to support them with your subject(s). You can also make suggestions for other activities to develop your role as a curriculum ambassador.

Community

Can you think big, chase dreams and help our school community succeed together?

Can you embody our values and be an excellent role model?

Ambassadors wanted!

Job title: Eco Ambassador

Open to: Y8/9/10

Job role: Work with other ambassadors to make Shuttleworth greener! You will be required to promote recycling through poster campaigns, speaking in assemblies and visiting forms to talk to students. You can take part in litter picking to make our school community cleaner and safer. You will generate ideas about how to make our school more sustainable, share your ideas and make sure they happen. You can also make suggestions for other activities to develop your role as an eco ambassador.

Can you think big, chase dreams and help our school community succeed together?

Can you embody our values and be an excellent role model?

Ambassadors wanted!

Job title: Enrichment Ambassador

Open to: Y9/10

Job role: Attend at least one enrichment club as a helper. You will need to support the staff member leading the session. You will also be required to promote the club to encourage more students to attend. You will need to create posters, speak in assemblies or visit forms to speak to students about your club. You will add information to the school website about your club. You can also make suggestions for other activities to develop your role as an enrichment ambassador.

FREE ONLINE New Parent Wellbeing Group

The new parent wellbeing group consists of **cognitive behavioural therapy** focused information to support and guide you through the challenges you may face as a new parent. You will learn new skills to enhance your wellbeing and build upon your resilience as you embark on this journey of life.

This course is catered towards new parents who have children under the age of 2.

- Six session class lasting for 90 minutes with an introductory session
- Running every 8 weeks
- Aims to teach new coping strategies and skills for new parents
- Associated booklets available to reinforce what has been taught

**Available to people who live, work and study in
Blackpool, Lancashire or South Cumbria**

Scan here to
visit our website

A 30 min Introduction session on Monday 11th November at 10.30am,
followed by a 6-week online course, 90-minutes per session from 10:30am-12pm.
Dates: 18th 25th November 2nd 9th 16th and 23rd December
A personalized link will be emailed to you, with recording accessible for 72 hours.

Book in your pre-course assessment, call: **01253 955700** (Monday–Friday 9am–5pm)
or email: **bfwh.talkingtherapies@nhs.net**

OPERATION ENCOMPASS

OPERATION
ENCOMPASS

Operation Encompass is a national scheme that operates jointly between schools and all police forces.

“Children who live in homes where there is domestic abuse, or who experience domestic abuse in their own teenage relationships, can be negatively impacted by this experience.”

“We have ensured that a member of our staff, (Designated Safeguarding Lead) known as a Key Adult, has been trained about Operation Encompass procedures. This allows us to use the information that has been confidentially shared with us by the police, to understand how a child may be impacted by domestic abuse and to then offer support to the child/ren in our care.”

“This information means that we can understand a child's behaviour and support that child in whatever way they may need or want.”

“Children who experience domestic abuse are recognised as victims of domestic abuse in their own right¹.”

“Operation Encompass means that our school will be told, prior to the start of the next school day, when police have attended an incident of domestic abuse where there is a child or young person who attends our school who is related to any of those involved in the incident.”

“We are keen to offer the very best support possible to all our pupils and we believe that being part of Operation Encompass helps us to do this.”

¹ Domestic Abuse Act 2021

We recognise our moral and statutory responsibility to safeguard and promote the welfare of students. We endeavour to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice. Our aim is to provide a safe and secure environment for students, staff and visitors.

If you have any concerns about the safety of a child, please ensure you report it to a member of the Safeguarding Team

immediately via email at:

safeguarding@shuttleworth.lancs.sch.uk

Our safeguarding governor is Paul Billington.

Paul can be reached via email* at:
