Football Learning Journey: Year 11

Step 6: Goalkeeping (develop)

Development of 1 v 1 (goalkeeper v attacker) positioning, angle, denying space. Application to game situations.

Step 5: Advanced defensive tactics

Defending as a unit and defending throw-ins against. Communication and application of the offside rule in a defensive line.

Defending and attacking a free kick in numbers. Tactical awareness and team strategy to help improve performance.

Step 4: Advanced offensive tactics

Maintaining possession as a striker (holding the ball up) and linking play up. Rotation of attackers in conditioned game situations.

Step 2: Decision making (finishing)

Selection of which body part to use and how many touches to take to shoot based on the flight and speed of the ball. Unopposed then opposed.

Step 1: Decision making (passing)

Selection of which pass and when to play it based on spacial awareness and the position of team mates and opponents in game situations.
