

Dear parent/carer

In the lead up to this evening's parents' evening, a number of parents/carers have contacted us to ask about revision and expectations for their child. An exit poll after the mocks indicated that those who had been more successful had been revising consistently from the start of year 11, if not before.

**For those who have not yet started to revise, the time to start revising is now.**

As we return from half term, year 11 will be completing their second set of mock exams, after which the countdown to the summer examination series truly begins.

Both timetables can be found via the examinations page on our website.

The February mock timetable can be viewed through <https://shuttleworthcollege.org/wp-content/uploads/Feb24-Mock-Timetable-Student-Version-1.pdf> and the summer GCSE timetable can be viewed through <https://shuttleworthcollege.org/wp-content/uploads/23-24-Examination-Timetable-FINAL.pdf>

Sessions in form prior to the Christmas holidays supported students to practice various revision strategies and schedule their revision each week. Many of these strategies have been shared via our revision booklet, and you will be able to view the latest copy of this <https://shuttleworthcollege.org/wp-content/uploads/Christmas-Revision-Booklet-2023.pdf>

This booklet also contains an overview of the topics which will be covered in the next set of mocks, due to start immediately following half term.

Year 11 form tutors will continue to support students to schedule their revision, and will have a ready supply of blank revision timetables and flashcards as we move towards the exams. Our Wednesday night pizza and revision club is well attended, and students are always welcome to join. Additionally, we will share subject specific after school sessions with you after half term.

Whilst each faculty will focus on intervention and revision both in and outside of lessons, it is essential that your child is also regularly revising independently from this point onwards.

As always, please do not hesitate to contact us if you have any questions or concerns.

Yours sincerely

Caroline Price  
Assessment and vocational lead
