# **Cricket Learning Journey: Year 8**

# Step 6: Bowling

Develop bowling technique, increasing speed and accuracy. Stepping into ball delivery.

### Step 5: Striking

Develop batting with on and off drives incorporating power and placement.

# Step 3: Fielding (throwing)

Develop underarm and overarm throwing to increase distance and accuracy. Both from person to person and to stumps

#### Step 4: Fielding

Moving towards the ball when fielding.

Learn defensive strategies of how to field in small sided cricket game.

#### Step 2: Fielding (blocking)

Develop the long barrier and incorporate interception.

## Step 1: Fielding (catching)

Develop technique of catching a ball, look at when you might not be able to get directly underneath or behind the ball and how you adjust for this.
