Table Tennis Learning Journey: Year 9

Step 6: Assessment of skills

Teacher assessment of the skills (visited on this journey) needed to be successful in a game of table tennis singles.

Step 5b: Game play and rules

Introduction to doubles play and accompanying rules. Recap singles rules and play.

Step 3: Backhand chop (intro)

Introduction to the backhand chop in an isolated manner only. Conditioned drills to allow for consistency of shots played with back spin.

Step 4: Forehand chop (intro)

Introduction to the forehand chop in an isolated manner only. Conditioned drills to allow for consistency of shots played with back spin.

Step 5a: Variation of serve (further develop)

Further develop serving technique (forehand and backhand) by deceiving opponents with speed and height of serve.

Introduce the technique of the forehand drive. Rallying and match play application.

Step 1: Backhand drive (develop)

Develop technique of the backhand drive to create top spin. Rallying and match play application.
