

Year 8

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14
Autumn		Lines and Angles			Reasoning	Proportional Reasoning						Representations		
		Developing geometric reasoning		KS3 Baseline Assessment	Prime Numbers and Proof	Ratio and Scale		Multiplicative Change		Multiplying and Dividing Fractions		Working in the Cartesian plane	Termly Assessment 1	Working in the Cartesian plane
	Week 15	Week 16	Week 17	Week 18	Week 19	Week 20	Week 21	Week 22	Week 23	Week 24	Week 25	Week 26		
Spring	Representations				Algebraic Techniques					Developing Number				
	Representing data		Sets and Probability / Tables and Probabilty		Brackets, equations and inequalities			Sequences	Indices	Fractions and Percentages	Termly Assessment 2	Fractions and Percentages		
	Week 27	Week 28	Week 29	Week 30	Week 31	Week 32	Week 33	Week 34	Week 35	Week 36	Week 37	Week 38	Week 39	
Summer	Developing number		Developing geometry						Reasoning with data					
	Standard index form	Number Sense	Angles in parallel lines and polygons		Area of trapzeia and circles		Termly Assessment 3	Line symmetry and reflection	The data handling cycle		CATCH UP WEEK	Measures of location
